Flexible and Future-Focused

- 

Active Transportation

Investments in bicycle lanes, protected paths and other projects to create better connectivity and improve safety for non-motorized transportation users.

Air Quality

Investments to mitigate impacts of the transportation system and improve the region's air quality.

Arterial Improvements

Investments to enhance the region's "grid" street network to improve safety and mobility.

Bus Transit

Investments to continue to operate and further grow the region's bus transit system.

Emerging Technology

Investments to enable the region to respond and adapt to future transportation innovations.

Intelligent Transportation Systems

Investments in technology that manage the movement of people and goods through the region.

Safety

Investments in projects and initiatives that improve safety across the system and for its users.

Transportation Demand Management

Investments in strategies that optimize the region's existing transportation infrastructure and manages its use, especially at "rush hour."
